

**„Sionline.hu – The Hungarian Wintersite” is the base for Hungarians planning their winter travel.**

According to recent statistics, in Hungary there are about 1 500 000 people travelling to winter destinations.

The aim of our web portal is to reach all the Hungarian winter travellers and to provide them as much useful information and quality accommodation as possible. In order not only to satisfy the needs of the visitors but to make them book accommodations of our site, we provide them the most up-to-date information about ski resorts, accommodations and special offers as well as we make exciting win-games at our website. In addition to that we provide our visitors a 10 hour per day customer call-service. Sionline.hu is not just a web portal or a travel agency but it is a base for information for all winter travellers. That is the reason for having each day a minimum of 4000 visitors at our site.

Sionline.hu reaches every week more and more Hungarian winter travellers because of the perfect networking with all the most effective Hungarian online providers. We do that to be the most effective and most valuable basis for both winter travellers and for tourism providers (accommodations, ski-resorts and regions).

It is easy to be the strongest and most effective as our e-newsletters reach monthly more than 400 000 Hungarian families, more than 3500 Hungarian and multinational companies. Our B2B e-newsletter reaches more than 22 500 agents - all Hungarian travel agencies and tour operators. With these „reach numbers” we proudly declare that our website reaches effectively the entire Hungarian winter travellers and agents segment.

In case you have an accommodation or you represent a ski resort – and you would like to reach all the Hungarian winter travellers or all the agents in Hungary...and to welcome many guests from Hungary - it is our pleasure to offer you this opportunity!
